ABOUT MY

I am a curious, creative person, I am optimistic, I love learning new things and I am aware that when I leave my comfort zone I grow.

I was born in Argentina and my whole family is there. I am passionate about traveling to learn about other cultures, gastronomy and history. I like to help, I have volunteered in Thailand to reforest and help children.

I believe in the importance of actions rather than words. In my spare time, I like to read, write poetry, and paint.
